## Foreword by the CEO

Founded in 1983 as a family-driven company in Mustasaari, a little town on the West Coast of Finland, Duell has passed a unique four-decade journey. The small distribution company has grown over years first to the No. 1 distributor for powersports products in Finland and the Nordic countries. Today we are active in most parts of Europe, covering a network of more than 7,500 dealers, and offering one the largest product and brand portfolios in the categories of motorcycle, ATV, snowmobile, marine, and bicycle. Together with the passion of our more than 170 employees, we set in November 2021 the latest remarkable milestone: Duell listed to the Nasdaq Helsinki First North Growth Market as first company of its kind.

With the power of strong and convinced investors in our back who fully trust in Duell's philosophy and business strategy we set out for new shores. Now we are aiming for significant growth with these key strategic goals: acquisitions, developing a modern, customer-friendly distribution platform and new brands. Our clear vision and goal are to become the best partner for dealers and brand owners throughout Europe, and at the same time to further strengthen our leading market position in the Nordics.

All of our European-wide activities are characterized by our commitment to the central spirit of "Think global, act local". We understand that each market and each country have its own habits and commons. We respect the differentiation when it comes to languages and cultural differences. We create country by country powerful teams who have an unrivalled knowledge and passion for the powersports industry. They are real professionals. From customer support, sales, marketing, and other vital divisions of our company, they all have only one goal: serve our dealers in the fastest and best possible way!

We are often asked what is the secret of our success story, and the answer is same than in the beginning: to supply the best possible products, at a competitive price in the shortest possible time. Still today this remains our philosophy and a key part of our company's success: we are a distributor at heart and we continue to look for a sustainable business in all senses and become a trustworthy, reliable partner and supplier for our customers, no matter if it is a local shop or a multichannel E-commerce business.

Sincerely,

Jarkko Ämmälä, CEO Duell Oyj

We are often asked what is the secret of our success story, and the answer is same than in the beginning: to supply the best possible products, at a competitive price in the shortest possible time.

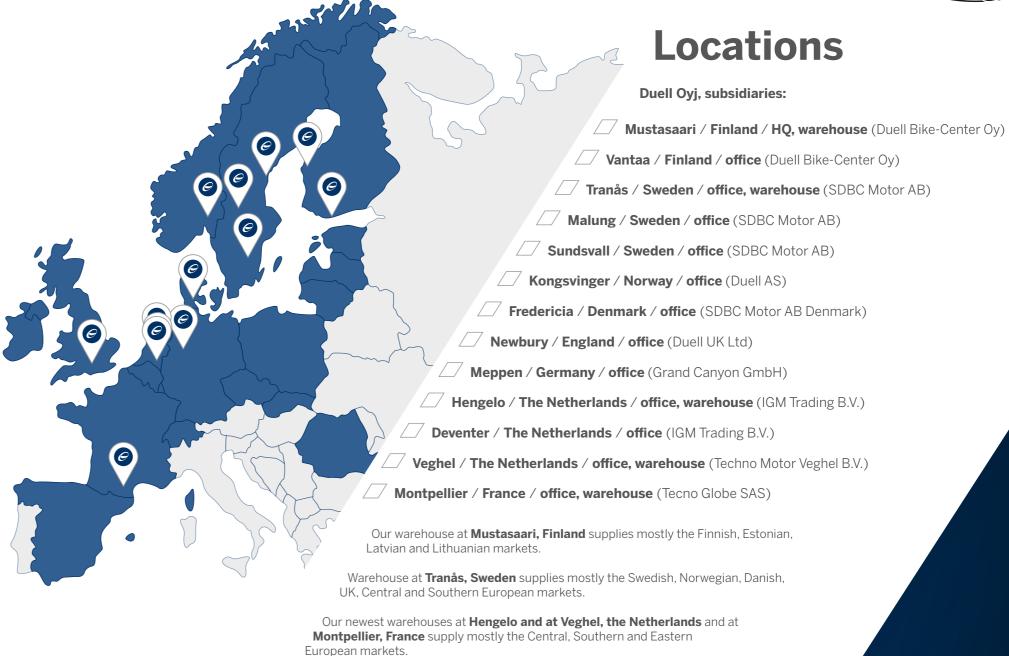

# Who we are

Duell is a Finnish group with subsidiaries in six European countries. We are the leading powersports aftermarket distributor in the Nordics with a rapidly growing presence in the Europe. Duell's portfolio covers motorcycle, ATV, snowmobile, bicycle, and marine products, including technical and spare parts as well as personal equipment.

Our history goes way back to 1983 when the parent company was established in Finland. 5th of March brothers Tom and Stefan Nylund founded Bike Center motorcycle shop in Mustasaari, Finland as a Yamaha and Suzuki dealer. Year later they Bike Center started to distribute snowmobile parts and accessories as well and few years later Bike Center moved to bigger facilities in Mustasaari.

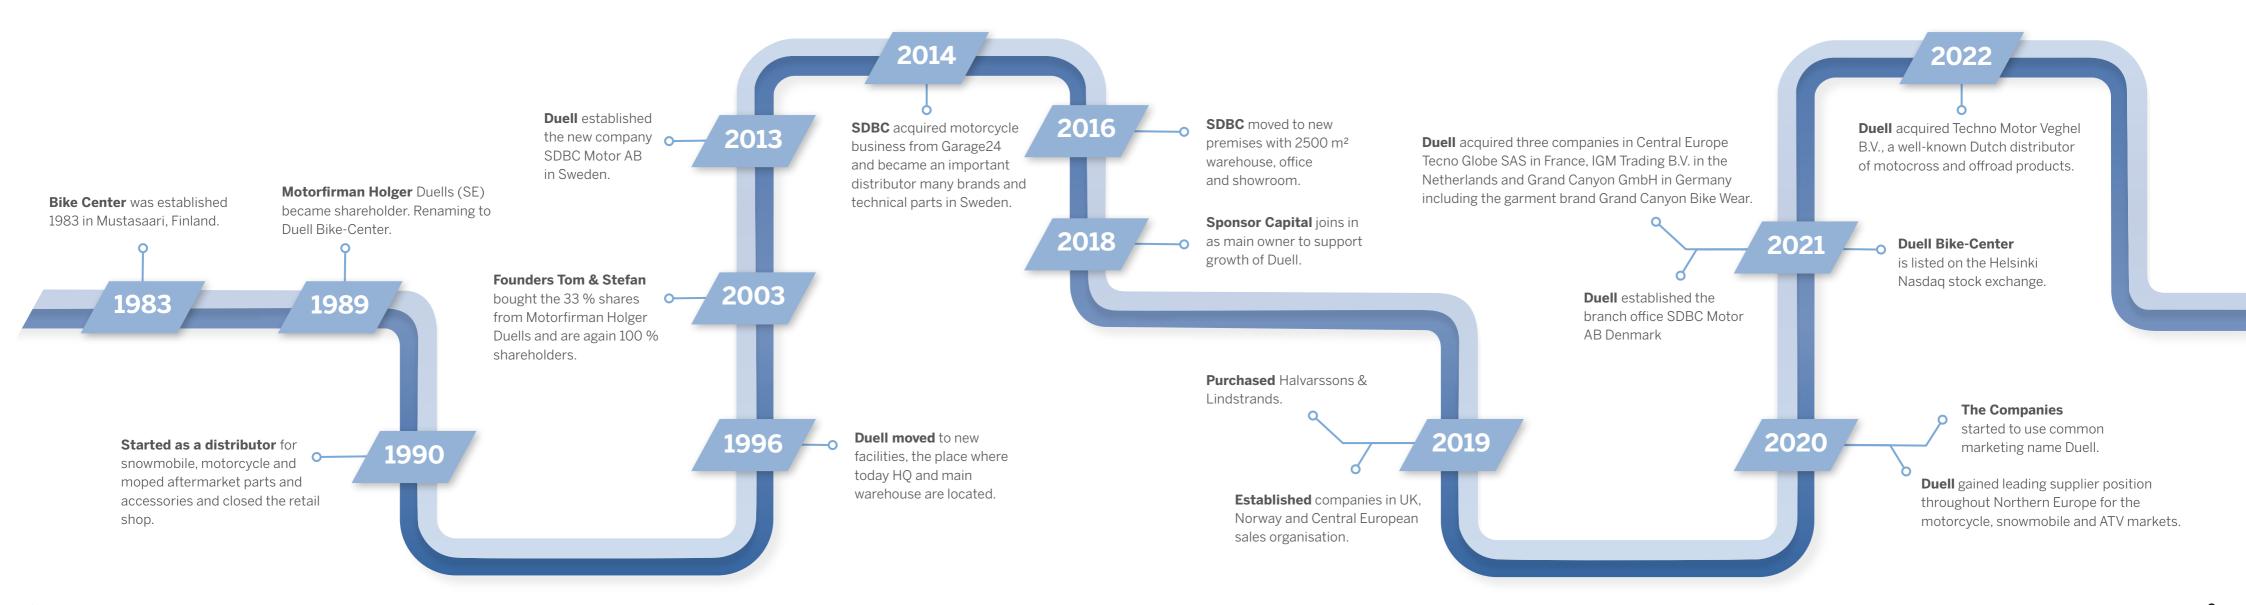

Today our group consists of six joined powersports companies, Duell Bike-Center Oy, SDBC Motor AB, IGM Trading B.V., Techno Motor Veghel B.V., Grand Canyon GmbH and Tecno Globe SAS. Duell operates warehouses in Mustasaari (Finland), Tranås (Sweden), Hengelo and Veghel (The Netherlands), and Montpellier (France).

We are the leading powersports aftermarket distributor in the Nordics with rapidly growing presence in the Europe. Our history goes way back to 1983 when the parent company was established in Finland.

Our drive for quality products and top brands reflects also in our engagement in racing. We are proud to be an official team partner of Red Bull KTM Ajo Motorsport for already more than 20 years in Moto2 and Moto3 classes at MotoGP. In 2021 we started cooperation also in MXGP as official team partner of Kawasaki Team, owned by Finnish F1 legend Kimi Räikkönen.

# Responsibility is an important part of Duell

Responsibility has always been an important part of our company values, and as the market leader in the industry, we want to act responsibly. Our corporate social responsibility program is based on the United Nations Agenda for Sustainable Development (Agenda 2030), from which we have selected the most important goals for our operations and partners. We are committed to respect human rights and we work to ensure that human rights are respected throughout our operations. Our operations are conducted in an ethical and honest manner, and we do not accept any form of bribery or corruption in our own operations or in our partners operations.

The United Nations Program of Action for Sustainable Development includes 17 global goals that countries should achieve together by 2030. Agenda 2030 aims to eradicate extreme poverty and sustainable development, taking into account the environment, the economy and people on an equal footing. The underlying principle of the program is that no one is left behind in development.

#### **Employees are our company's most important asset**

- We want to take care of the health and well-being of our employees and guarantee a safe working environment for all personnel.
- The stable foundation and long history of our company enables long-term working relationships.
- We actively offer our staff development opportunities and diverse benefits. Comprehensive occupational health services (in Finland), a competitive bonus system and exercise benefit are valued in our work community.
- -We maintain an open and positive work culture where the employee is valued and listened to.
- As a growing and internationalizing company, we will increase employment both in Finland and in the international labor market.
- Equality means equal treatment and opportunities for us regardless of gender, background or any other non-professional reason. We adhere to equality in our work community and want to promote equality at the societal level as well.

#### **Towards more responsible solutions**

- We actively develop our customer service process so that we can serve our customers as well and efficiently as possible. With the help of innovative solutions, we aim to strengthen and optimize the customer service process to even more smoothly.
- Our goal is to establish the longest possible relationships with both our suppliers and our customers.
- Product safety and product information are an integral part of our operations. The employees, responsible for our products, are professionals in their field and always have up-to-date information regarding products and product safety.

#### We promote safer ways to ride

- We make sustainable choices when developing our product range.
- We promote safer ways to ride for all powersport enthusiasts by providing the industry with top quality safety products.
- We handle warranty issues very carefully and take immediate action with possible product recalls.
- We focus on sustainability when it comes to packaging:
- We only use boxes of ideal size.
- We use only necessary amount of packaging material.
- We minimize the use of plastic in our packing line
- We reuse boxes and packaging material whenever possible.

#### **Optimization supports sustainable development**

- To reduce our carbon footprint, we only use logistics partners who follow climate-friendly practices, both in terms of transport and other activities.
- We send post-deliveries with daily orders.
- We combine intercontinental deliveries and always deliver only a full container.
- Our warehouses are local and distributed close to the customer.
- The Promosoft SOLO optimization and purchasing system helps us to act more responsibly in terms of orders and product deliveries as well as warehousing by optimizing the quantity and storage of products in the right place and at the right time.
- We avoid extra travel and prefer the distance meeting policy.
- We offer our dealers a dropship solution, which means we deliver products directly to end customers. This enables us to avoid unnecessary packaging and transportation.

3 devel as well.
